

Dock Duty Responsibilities

As stated in the Waterfront Rules, with the assignment of each slip comes the responsibility of one week of Dock Duty.

You will be assigned one week of dock duty for each slip assignment.

The Dock Duty list is on the website:

www.AnchorageCommunity.org/waterfront/viewDockDutyTblNameOnly.php

You will receive 3 email reminders (2weeks, 1week, 0weeks) prior of your upcoming dock duty week.

If you are unable to perform your assigned week, it is your responsibility to find someone to exchange weeks with. Also, please let the Dock Chairman know.

Be familiar with the Waterfront rules (posted on the website) for use of the Waterfront facility.

- Walk out each dock. Usually at the end of the day.
- Check Boats and Dock Lines especially whenever unusual weather, tide, wind, thunderstorm, or ice is experienced or forecast.
- Call the Slip holder if problems are seen. Contact Waterfront Chairman if Slip holder is not available. Phone nos. of the Slip holders are in the circuit breaker box.
- Resolve and/or Report any unusual conditions, problems or Safety hazards (such as lights not working, or lock broken or missing, etc.)
- In the Winter, verify that the De-icers system are operational.
- Lock all gates and cables – including launch ramp bar.
Don't worry about the cars. Anyone parking there should have a key.
- When locking the main gate, use the hasp of the County's lock. This allows emergency personnel access to County-owned equipment.
- When opening the gate cable, please pull aside, out of the path of automobiles accessing the parking area – if early or late, please do so quietly!

Failure to perform these duties may result in loss of slip privileges!
